MODEL 6430

6" BRASS FLOOR COVER

Protect players on the court by installing cover plates over in-ground sleeve inserts.

Floor cover shall be brushed brass for model 6430 and chrome plated brass for model 6431. Low-profile, heavy-duty design with hinge door allows for a completely flat surface. The four outer holes allow the cover plate to securely screw into the floor allow it to move with the expansion and contraction of the floor. The floor cover can be rotated using the existing screw holes if the floating floor shifts in a particular direction. Cover shall be 6-1/2" in diameter by 1/2" thick. Diameter of opening is 5-1/4".

To open, the provided lifting key shall be placed in the slot in the hinge door, turned, and lifted up along with the door.

Install with 3" Floor Sleeve **6404** and 3.5" Floor Sleeve **6400**.

6430 - Brushed Brass

6431 - Brushed Chrome
