

THE "SHOOTER" RING

**SPORT
SUPPLY GROUP**
1-800-527-7510

The "SHOOTER" RING is designed to improve shooting accuracy and will fit all standard basketball goals.

The ring comes spring loaded and will appear bent or out of alignment, this provides tension to the basketball goal to prevent it from popping off during use.

The "SHOOTER" RING is designed for normal practice and use. The manufacturer has never had a report of it springing out which could cause injury but the possibility exist if excessive or abnormal force strikes the ring.

Never use SHOOTER RING without safety leash attached to rim or net.
