SCTEAMHB Official Team Handball Goal

Face of goal shall be constructed of 3" square extruded 6063-T6 aluminum with minimum $\frac{3}{4}$ " corner radii for safety and a minimum wall thickness of .080". Extrusion shall have a net track extruded in the rear side to allow net attachment using specially design clips included with each system. Goal shall have a 3 meter wide x 2 meter high opening. Rear structure shall be constructed of 1.66 diameter aluminum extrusion with extruded net track and provide a 80cm top depth and a 100cm bottom depth. Goal is constructed to allow easy disassembly and storage using quick release pins. All standard components of goal shall have a white textured powder coated finish with official black markings for Team Handball. Goal shall carry a two-year warranty. Standard features shall include molded net attachment clips, rear stabilizer bars, rubber footpads to protect finished floors, nets, and ballast bags to secure goals in place during play. System shall weigh approximately 175#/pair.
