- Wheel Adapter kit allows for easy transport of GPSS Striker Soccer Goals, reducing wear and tear from dragging goals across field.
- 10” wheels attach to the top of 4" round Striker bottom side rails for quick and easy installation.
- White powder coat finish.
- Kit includes four wheels to transport one goal
- Back of goal must be manually lifted if only one kit purchased for a set of goals.

MODEL SGWK-STRIKER

STRIKER SOCCER GOAL WHEEL ADAPTER SET (4 WHEELS)

Striker Soccer Goal wheel adapters shall be constructed of 1/4" sheet steel. A 10" wheel shall be used to swivel between the in-play and transport positions. 3/8" stainless steel bolts shall be used to secure the wheel adapter to the bottom side rail of a Striker Soccer Goal. A 3/8" stainless steel bolt shall be inserted in the steel plate to control the motion of the wheel adapter.

To use the Striker Soccer Goal wheel adapters, the user shall lift the soccer goal and swivel the wheel until it reaches the stop bolt.

SGWK-STRIKER can be used with all GPSS 4" Striker Soccer Goals.

SGWK-STRIKER comes with four wheels and is designed for use with one Striker Soccer Goal. If a single kit is used for two soccer goals, the user must manually lift the back end of the goal before moving.

Subject to design change and current manufacturing practices.
